

LEADERSHIP AND ORGANISATION OF TEACHING AT EUROPEAN UNIVERSITIES

Policy Dialogue Workshop

Helsinki, 9-10 June 2022

OPENING WORDS

Director Jonna Korhonen

Trigger for future-proof development of higher education management, teaching & learning in Finland

SUOMI 100+

- VISION 2030: Proposal for Finland: Finland 100+

EDUCATION AND LEARNING, KNOWLEDGE, SCIENCE AND TECHNOLOGY FOR THE BENEFIT OF PEOPLE AND SOCIETY

Over 50% of all young people complete a higher education degree

Development of higher education and expertise in different life situations

4% of GDP allocated to research and development: new creative power of science, sustainable growth, more wellbeing

INNOVATIVE UNIVERSITIES AND UNIVERSITIES OF APPLIED SCIENCES

More pre-emptive and able to react

Strong internationally attractive knowledge clusters

Actively involved in the world's most interesting networks

Open, international and globally responsible

Robust RDI activities and versatile higher education as engines for change in the economic structure and society

The world's most competent labour force brings a competitive edge and promotes wellbeing

Ethical and socially responsible

ENABLING STEERING, RESOURCES AND STRUCTURES

Creativity, dynamics and potential for action!

This workshop will focus on:

**Continuous learning and responding to the
changing needs of working life in the strategic
management of higher education institutions**

Project & Associate partners

- Erasmus+ KA3 project
- September 2020 – October 2022
- Led by EUA
- 5 project partners
- 3 associate partners

- **Foster** higher education institutions' capacity to develop and implement structured and systematic approaches to enhance learning and teaching.
- **Explore** how learning and teaching can be best supported by national and European policies.
- Provide a set of **recommendations** for supporting learning and teaching development through inter-institutional cooperation, at regional, national and European levels.

Two strands of activities:

1. **A Leadership Development Programme (LDP)**, targeting higher education institutions across the EHEA
 - **Bringing together HEIs to foster their capacity to develop and implement structured and systematic approaches to enhance learning and teaching: exchange experience, learn from peers.**
2. **A Policy Dialogue (PD)**, to be conducted both at national and European levels

- Overall aim = reach out to different stakeholder groups (HEIs, national authorities, etc.) which contribute to policy making in learning and teaching, and explore together how to develop effective policies.

- Exploring the enhancement of L&T at national and European levels through:
 - ❖ Conducting a study on national level initiatives for the enhancement of L&T
 - ❖ Creating a European level **dialogue** on the enhancement of L&T
 - ❖ Foster **national-level discussions** (workshops) among the project partner countries on specific aspects of L&T enhancement
 - ❖ Provide a focus on **leadership in teaching** to create synergies between the two strands

“Leadership” as both the agency to develop strong strategic oversight, coordination and implementation for learning and teaching, and the institutional collective capacity to address organisational development towards enhancement.

September 2021 Online – Hosted by MinFin	Series of <u>webinars</u> : <ul style="list-style-type: none"> ▪ Leading transformational change – taking advantage of digitalisation and cooperation (1 September) ▪ Future-proof higher education (8 September) ▪ Re-evaluating higher education teaching (15 September)
