- WP1 Management
- WP2 Quality management
- YUFE student journey
- YUFE staff journey
- YUFE innovation and entrepreneurship
- YUFE in our cities
- Diversity and inclusivity
- Sustainability and dissemination

# Mid-term report

1.9.3 Please fill in the table below by providing an overview on the number and % of faculties/departments involved in the work of your alliance:

Number and % of faculties/departments participating in alliance's activities	Academic year 2019-2020		Academic year 2020-2021		Academic year 2021-2022	
	Number and % of faculties/departments in <b>University of Eastern Finland</b> (full partner 8) participating in alliance's activities out of the total number of faculties/departments in University of Eastern Finland (full partner 8)	Number 8/10	80%	Number 9/10	90%	

[1] YUFE has aimed to list the number of faculties and departments, institutes, centres and support services per university **engaged in the Alliance**, however the extent to which each partner is engaged in YUFE differs. Some faculties or departments, institutes, centres and support services are engaged through the **involvement of a single student or staff member**, others are an integral part of the Alliance. **In addition, the definition of faculties and departments, institutes, centres and support services differs per partners.** We, therefore, used the definition quite broadly to adequately demonstrate the extent of involvement of every university and the full capacity of the Alliance. We expect the engagement and involvement of all unit types will increase over time, which will be reflected in the final report.

# Jatkuvuuden varmistaminen

- Erasmus+ rahoitus 11/2022 saakka
- Haku toiselle kierrokselle 4+2 vuotta tulossa
- Mikä on allianssien tulevaisuus?
  1. Pysyvä unionin rahoitus
  2. Säännölliset hakukierrokset
  3. Partnereiden osarahoitus

# YUFE WP8: Sustainability and dissemination

1. Prepare and implement the YUFE Sustainability Strategy and Business Plan
2. Establish the YUFE Foundation
3. Prepare and disseminate the YUFE Information Package
4. Establish and promote European Universities Forum
5. Organise YUFE Events

## ESGF- Expert Group on sustainable funding

# Rinnakkaishankkeet

## DIOSI

- H2020, Science with and for society (Swafs) funded 2021-2022 24kk
